

Through DRIB, PhD is Guaranteed

WHAT IS THE MEANING OF PHD?

The term PhD or Doctorate of Philosophy is an abbreviation of the Latin phrase 'philosophiae doctor'.

A PhD degree typically involves students independently conducting original and significant research in a specific field or subject, before producing a publication-worthy thesis.

While some Doctorates include taught components, PhD students are always assessed on the quality and originality of the argument presented in their independent research project.

WHAT ABOUT DRIB AND PHD?

DRIB is an accredited, approved and recognized research institute for the training of research and carrying out project work for research scholars which is inline with rule and regulation in which it was established.

DRIB, does not award or confer degree in any form rather, it act as an authorized accredited body facilitating admission and enhance the study of foreign students to study abroad.

****We are able to help you select the right professional course that will help you further their career path.**

PROBLEMS ENCOUNTERED WHEN YOU ASPIRED TO STUDY FOR PHD DEGREE

Career Advancement

As a Master degree holder, the first thing in your mind is how to advance and get to the top of academic to earn Phd but fear grabs you, may be you suffered a lot to even get the Master done and now thinking of Phd is a big calamity you could think of because of the following: lack of good academic mentor, harsh and incompetent supervisor you had during Bsc or Msc period, beside Country instability factors such as strike, lack of facilities for research and serious minded supervisor who is ready to hold your hand and watch your back. And all these put you on a big time set back.

What to achieve with Phd

Do you know that with Phd you can achieve anything you want academically. As aPhd holder you are a consultant, you can contribute to the knowledge and find solution to many problems which could be a breakthrough for you and your generation, your opinion in the society is well recognized and the respect is accorded to you because you are considered to be the most qualified person in your subject, all these factors are the driving zeal to pursue Phd and it is important you answer the call no matter what and the earlier the better.

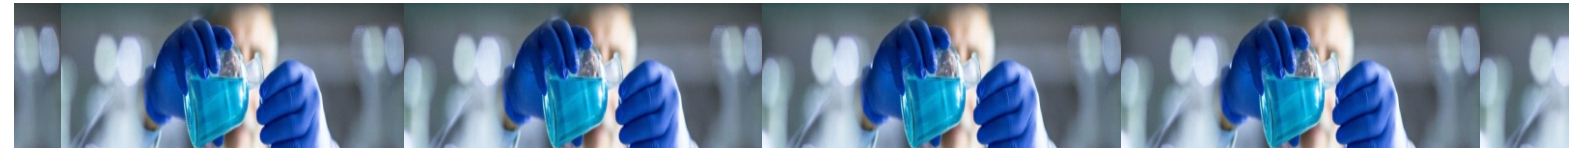

Phd Admission Processing

Everybody is a professional in his or her own field, professional are busy to advance due to tight activities in the country these days. If you are one of them and you aspire to do a genuine Phd, it is going to be much difficulty for Phd Admission plus process is so complicated and discouraging. At times, you see yourself procrastinating, I want to do phd but in 12

years time he or she is yet to apply talk less of studying or graduating.

Time Problem for Admission

Thinking you can wake up and start the admission processing could be difficult, yet time is going and fee keep on increasing to do devaluation of currency, so to complete Phd admission processing on your own is very demanding then you have to put it in your mind that it will be time consuming and a lot of setbacks will crypt in which could discourage one.

Time-Consuming PhD

Most the as you are much go into proper admissi

time the time consuming is major discouraging factor may have to fix things that important and have not time left and if forcefully the processing without learning could also lead to on been rejected.

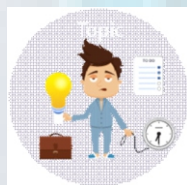

How to Get Started

PhD Research is very vast, if you have made up your mind in doing a PhD program then you will be lost if you start on your own, the complexity could bring huge confusion thereby losing the right approach to give. – How to get started.

Idea for Research Topic

of

Finding a research topic is a great deal efforts – this is one the most frequently asked questions we get as we are known for ages. As prospective scholar need to think, consult, observe and chose the research that could solve the immediate problem with great economic, human and environmental value and impact. Hence choosing ideal topics is a great challenge to encounter.

Pressure from the University

Yes! This generally happens with scholars! You cannot expect help from the university but pressure is what they deliver regularly. No university gives the help that remove the

pressure rather, unduly pressure is mounted as it has been known that this tend to hurry the scholar to deliver but in the end it is a big problem for the scholar.

Problems with Supervisor

This is a there Scholar There Getting hand been a

very big issue for the scholar, are hundreds of problems a face with his/her supervisor. are too many to mentions here. a Supervisor that hold your and guide you properly has major setbacks and this has destroyed many brilliant scholars worldwide.

No External Help

There is no singular help in the world of PhD research work, As a Phd scholar, you face all your problems alone and by yourself, Big challenges await real researchers but with the proper guidance and consultation, scholar may likely get help at the right time - And that is what DRIB love to do.

Professional & Personal Life

To live a person but it help, balanc

quality life, both professional and al life should be tipped to balance; doesn't often work unless you seek Phd scholars who wish to maintain e will have to seek for great help and advice with proper guidance on how to achieve this.

DESPITE ALL THESE CHALLENGES, DRIB SHALL HELP

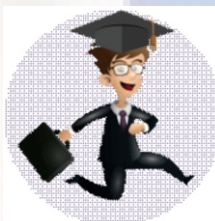

We know you have been facing problems for ages, thinking, planning and budgeting for Phd study but enrollment has been a great challenge especially when it comes to entrance examination. But now you shall become our problems and we be your solutions.

Professional & Scholar - Both

It is only

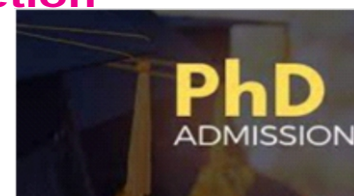

scholar the rest pushing professi

then you enjoy both lives being a professional and being a at the same time. We manage while you live peacefully your Phd and also keep your onal jobs.

100% PhD Completion

Once you enroll via DRIB, we affirm you that your PhD completion will be achieved within the time period. This is our time

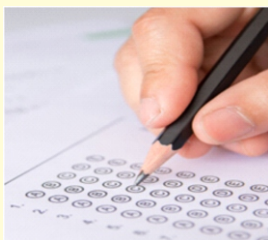

Once you enroll via DRIB, we affirm you that your PhD

DRIB FEATURES & SERVICES

Entrance Examination Support

You do not need to worry about your Entrance examinations, we guide you properly, prepare you very well and this implies that with our undiluted support and effort shows that our support in entrance test could mean 100% selection in your PhD Admission. All you have to do is to get ready for the further stage. Your admission is guaranteed. Firstly, we check the eligibility criteria as per University requirement.

Research Topic Selection

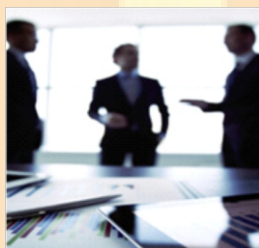

We get feedback from candidate interest for the research area, then we carefully observe, analyze and experts view the subjects that candidate studied in his Master or in previous studies. We consider your drive for Phd, your passion and possible problem you wish to solve in

the society using your research capability. After a great deal of research, the panel of writers creates 3-4 topics relevant to the candidate's interests.

Supervisor selection

We provide suitable supervisor(s) registered with the University, and we notify the candidate about the supervisor under whom the research of the candidate will be carried out until the DOCTORATE is achieved. We make sure he/she is quite suitable and highly expert in the research field of the candidate.

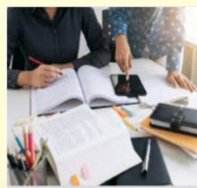

Research Synopsis

The panel of the expert writers finally begin to prepare the research proposal (Synopsis) on the topic the candidate showed interest in doing the research. The synopsis is strictly prepared within the format of university's guidelines. The length of the synopsis is usually around 25-30 pages.

Course work

Many people assume that a PhD program only has a research component. While this is true for most programs but it does not hold for all. It is therefore common to find coursework in PhD. This is meant to help the students grasp the area of study better as well as improve on their research writing skills and capabilities.

Coursework Examination

Whatever course of studies you are following in the PhD Coursework, there will almost certainly be some form of assessment involved. Written assignments & exams completed during your course or examinations are the most common methods used to assess students' learning. You may have a mixture of exams and course work.

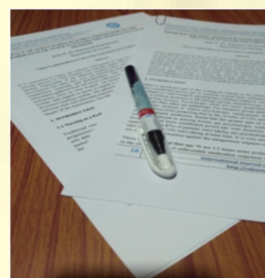

Assignment

For scholars who are not much familiar with the process of writing assignment, it might seem like quite the intimidating task to be handed the assignment that might includes thousands. Scholars should be familiar with writing academic papers by the time they reach university level, anyway we can help you all the way.

Research Article writing

After the completion of the Phd research works, scholar is mandated to write 4 research articles that are to be published by reputable journals; the publisher publishes them in the name of the candidate and with the details of the supervisor along of the University. The written articles fully corrected by the supervisors are then submitted to the University. Most time we submit 5 to 6 articles to High Impact Journals with very factors and we choose the best for Phd requirements.

Article Publication

The University require Phd scholars to publish 4 Research articles from the Phd research work or thesis in accredited and recognized journals, during the research period. Two publications should cover national journals and two International journals.

Six (6) Monthly Progress Report

We will even take care of reports and ensure that supervisor's performance university. Once we help your desired subject, we monthly reports, keeping in touch with you SO that we keep you updated, and noting your supervisor's instruction and guidelines.

the six-monthly scholars and the are sent to the you get in admission in also prepare the six

monthly reports, keeping in touch with you SO that we keep you updated, and noting your supervisor's instruction and guidelines.

Conference & Seminar

At the seminar, the interested scholars who are in the common specialized field use plenty of creative ideas to explore knowledge, such as competition, questions quizzes and ideas to gain knowledge. The presence of a specialist is essential as they monitor each and everything.

Thesis Preparation

Our writers support you to prepare the thesis/project (on the selected topic/proposal) within the standard formats and the requirements of the candidate. Throughout the writing process, we keep updated the

whole process to the candidate, and gets feedback time to time. The length Thesis will not be less than 250 pages.

Thesis Presentation

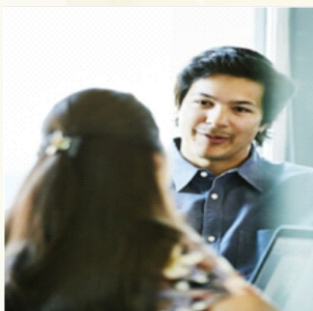

The head of the Research Section of the University go through the PPT presentation. The head then forwarded it to the RDC/DRC board for the approval and it is where the presentation is successful. The Thesis is finally approved. The call for an viva/interview is sent to the candidate.

Final Viva voice

In this phase, the candidate presents another presentation of their thesis/project before the Research Committee (RDC/DRC mem

The ques
The subm
the

bers) and their supervisors. candidate answers the tions asked at the meeting. thesis/project is finally itted to the university for final approval.

You earn your Phd

If the committee feels everything is perfect in the Thesis and if no loophole found in the research work of the candidate, the Completion Certificate is offered to the scholar. The scholar could

ADVANTAGES OF STUDYING FOR YOUR PHD VIA DRIB

Securing Phd Admission

This is the major aspect and a very serious issue to consider. DRIB had taken all the pain and stress to identify, verify, experiment

and collaborated with accredited and approved universities in Africa, United kingdom, Asia and more. All the university we recruit for are fully recognized and approved by the ministry of education and university commission in the country and on completion, the degrees are highly recognized and

accepted in Nigeria and any other country around the world for the purpose of postdoctoral studies, immigration and oversea job related activities. Hence securing admission is 100% via DRIB.

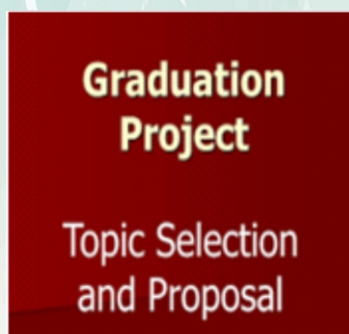

Examination support

Apart from the fact that DRIB help in processing the admission, as training Institute, we have researchers who are professor, Associate and Senior Lecturer who render solid training to prepare scholar towards entrance examination just to ensure success. This is one of our services and features that we support you in examination process – we affirm the chance of success is 100%

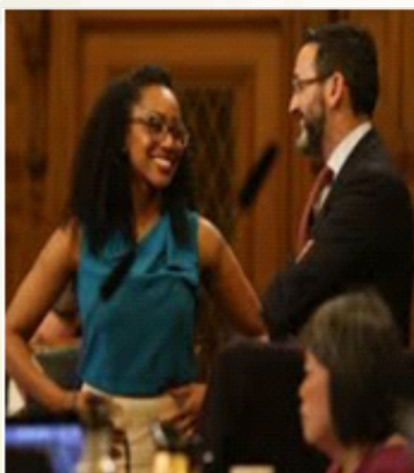

Project Topic Selection

Though this is a challenging part of services and features as we offer you various assistance options for Topic Sections using our research team and network to secure current research topic of high economic impact and development. All our research topics are award winning topics and of high index value in various research arena globally.

Appointment of Supervisor

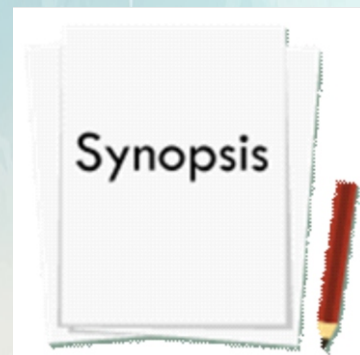

This is a junction where the real solution lies; successful research program requires successful supervisors. DRIB have successful and dynamic supervisors that are utilized by these partner universities and the major aim of these supervisors is how to turn out replicate of them that will join them in solving many problems and improve the quality of life through research. DRIB helps in appointing a registered supervisor with from these universities. The least of our

supervisors rank is Senior Lecturer with minimum of five (5) years post phd experience with journal and book publications in international and local journals across the world. We provide you supervisor who will bring out the best in you and make your Phd research experience blossom.

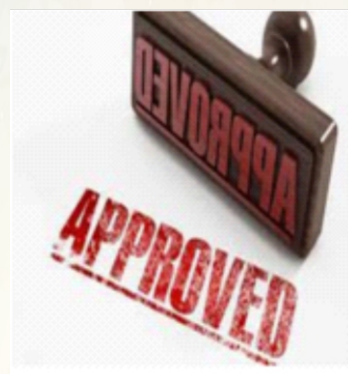

Synopsis Preparation

When you have great and successful supervisors, getting good synopsis done is a child play as proper guidance is given to you by these experts and this make preparation and submission very easy, all coordinated and monitored by DRIB.

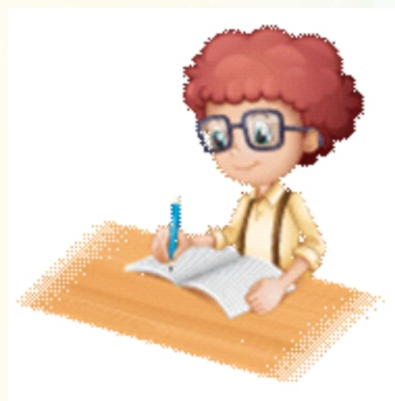

Research Approval

Because of the capacities of your successful supervisor, and the way your research synopsis is been guided and handled by your supervisor, there will be no problem as DRIB have specifically designed easy pathway and empowered the supervisor to do all the needful in guiding original work that have great economic and high impact value, then the chance of getting your proposal accepted is guaranteed as we have been helping scholars in the area for ages and they all succeeded.

Thesis Preparation

This is the final stage of the whole research work where when we involve ourselves in helping you prepare Thesis for your PhD research. With the help of your supervisor getting your research thesis done will not be difficult because DRIB supervisors have vast experience and that is why they are registered supervisors with our partner universities.

Mini University Visit.

At Phd level, you are not supposed to be going to school every day but most universities made this task difficult for Phd scholar. With the help of DRIB, we manage your visits as you're too busy in professional life, but there a few visits which are compulsory and the rest is managed such visit will be discussed one on one with you on enrolment.

Document Submission to the partner university

DRIB submit these documents to the admission office or collaboration office of the partner university with no issue

Traveling Support

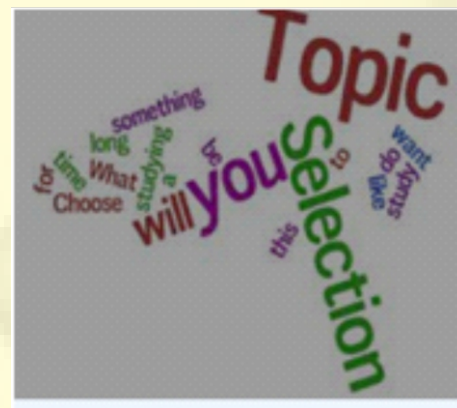

DRIB take into account and adopted the responsibility to manage the travelling and accommodation of scholar when the

time arise, scholar will be billed and payment made for such travelling at the time of need may be during the final viva defense at the University Campus and convocation.

Topic Selection

Prospective registered supervisor in conjunction with the students prepare the research topics following the university guidelines

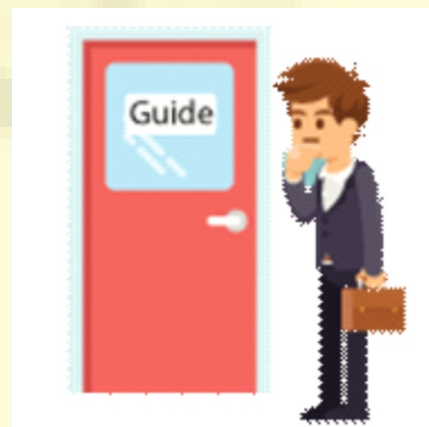

Time Commitment

Once you enrol through DRIB, we affirm you that your PhD completion will be achieved within the time period and this is our time commitment, we have done it for others and yours will not be different.

Appointment of Supervisor

Major duty of DRIB is to ensure that scholar have suitable successful and happy supervisor ready to work, hold your hand and turn the scholar into successful researcher like him within shortest period. Our entire supervisors are of high reput and work with time, they will push to action and help you whenever there is need all the time. Our supervisors believe when scholar fail they also fail so they put in their best to ensure scholar does not fail.

HOW WE DO ALL THESE AT DRIB ?

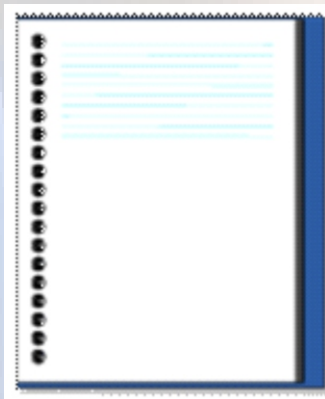

Preparation of Academic Documents

DRIB handle the filling of the application forms, referee forms, get the evaluation done, get the equivalent of all the certificates appropriately on behalf of the students after verification.

Synopsis Hard Bind Printing

DRIB services cover all form of Binding from beginning to the end. We take responsibility to do the entire binding and soft copies, making them available for submission to the university in line with the university guidelines.

Phd Research and project work

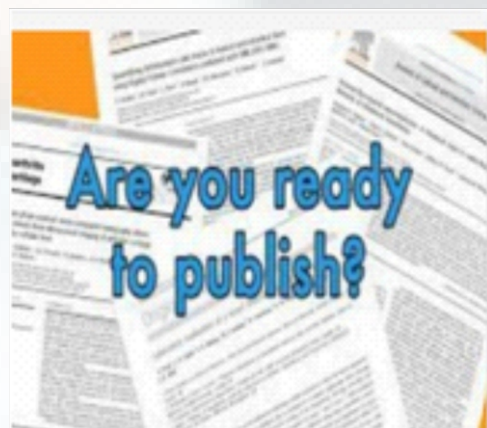

This is the major aspect where DRIB takes major and full responsibilities to help in phd research and project work. DRIB train all the scholars on the latest molecular equipments needed to carry out independent phd research work with the help of the supervisors who are also visiting research fellow to the institute. Scholar research work does not suffer or lack capable handlers. All our staff are well equipped and knowledgeable on the need to give attention to the need of Phd scholars, It is believe and conceived that DRIB is the best research center of its kind where detail appropriate measure

is taken and the student research works are giving more priorities to meet up with the deadline to make sure the phd is completed in 36 months from the day of approval of DRC.

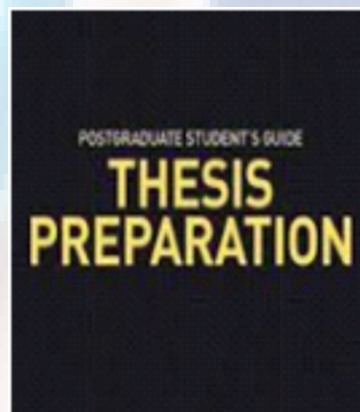

Research Article Publication

DRIB has collaboration with many international reputable journals across the globe. These journals are always ready to publish new findings, good and quality research, it is known that publishing findings from phd research work will not be a problem and scholar research work are given express permission, well criticism and corrections to ensure good works or finding come out of the study.

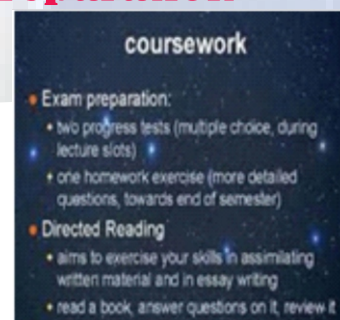

Thesis Preparation

Apart from supervisor guiding scholars research, DRIB have different group of monitoring team that follow up on the scholars, our e-learning platform also help the scholar to attend various lectures and prepare them for thesis writing, we make the partner university to be at your doorstep thereby enriching you and breeding you for future to carry the task that goes with the name PHD

Coursework Preparation

Similarly, DRIB have developed e-learning where you can be trained and learn more about the courses that constitute the course work thereby making the course work an easy one and also preparing you to take the

course work examination from the universities. All effort are made to give you the best and prepare scholar for postdoctoral position after completion of your Phd.

Hard Bound Thesis

This is the final stage of the thesis submission for viva voice; DRIB will handle all the binding as usual and preparation till the Phd certificate is issued.

Ph.D SUCCESSFULLY COMPLETED

Finally DRIB ensures PhD is awarded to the successful scholar and the mission becomes accomplished all within 30 to 36 months only with our accredited and approved partner universities.

AVAILABLE PHD PROGRAMS

AT DRIB PARTNER UNIVERSITIES, THE FOLLOWING PHD PROGRAM ARE AVAILABLE:

BIOTECHNOLOGY, BIOMEDICAL SCIENCES, MICROBIOLOGY, PUBLIC HEALTH, BIOCHEMISTRY, IMAGING TECHNOLOGY, HERBAL MEDICINE, MEDICAL LABORATORY SCIENCES, EDUCATION, NANOTECHNOLOGY AND MANY MORE,...

Interested and sincere applicants willing to undergo Phd programs with recognized international universities should send email to phdresearch@dumed.org or whatsapp +2347033216662 or +2349073559243.
